SINTERED STONE SLAB

Aan d smlabec hawniticha l sptronpe-rlitikees , pprhoydsuicaeld by an advanced sintering technological process of extreme heat and weight.

SINTERING

Scoinatlersicnign g isp otwhdee rpedro cmeisnse roafls into a mass using heat and pressure, without melting to the point of liquefaction and without the use of any artificial binders.

www.quadrasurface.com

SIZE & THICK- NESSES

QUADRA uses advanced technology to manufacture sintered stone slabs in various sizes, from small to extra-large: 120 x 120 cm, 160 x 80 cm, 240 x 120 cm, 280 x 120 cm (XSize), and 320 x 160 cm.

These slabs are versatile and suitable for indoor and outdoor use, and their larger size creates a visually impressive, seamless look for walls and floors with minimal grout lines. The extra-large slabs are also durable enough for demanding applications such as kitchen countertops, bathroom vanities, and tabletops.

THICKNESSES

Thicknesses :

9mm
12mm

FINISHING

FINISHING

QUADRA slabs are available in high gloss, four looks of matte, and two looks of rough finishes to emulate the full range of natural material appearances.

SHINY POLISHED

After passing through polishing wheels with water and polishing compound, the surface is highly polished, creating a mirror-like shine that is identical or smoother than naturally polished rock.

LUXURIOUS MATTE

A slightly reflecting matte finish with a texture that feels like luxury fine grain leather.

ORIGINAL MATTE

Minimal reflection and a matte finish with a delicate sandblasted texture.

SILK MATTE

The silkiest smooth finish embodying the luxurious allure of satin.

LITE MATTE

A smooth surface with a faint sheen and a pleasant touch that is reminiscent of human skin.

STRUCTURED MATTE

A matte with an irregular, natural stone-like texture that helps to prevent slipping. Because of its stronger structure and superior scratch resistance, it is well suited for usage in high-traffic locations. The X-Grip has a P3 Slip Rating and an R10 on the Ramp Test.

COARSE MATTE

The matte surface features a dusting of fine sand-like grains that shine when exposed to light, making it anti-slip as well as visually appealing. It provides extra security on sloped or wet areas. The X-Grip+ has a P4 Slip Rating, which is equivalent to an R12 on the Ramp Test.

REASONS TO

CHOOSE QUADRA

0 IN 1 NOVA. TDIVE ESTEIGEN 2 NORDA

Nature provides unlimited inspiration, so QUADRA continues to innovate and develop in terms of design, including colors, patterns, and finishes. More and more options make it easier for you to create the space you desire.

SIZES

Quadra is available in three large formats: 240 x 120 cm, 160 x 80 cm, and 120 x 120 cm. Its largest format is 320 x 160 cm. It also has one new format, 280 x 120 cm. Quadra comes in two thicknesses, 12 mm and 9 mm. This wide range of options translates to more regularity and consistency in the various spaces, making them easier to manage and reducing the number of joints, which has aesthetic and hygienic benefits.

Quadra is recognized as the superior sintered stone manufacturer in Indonesia. Quadra is the only and first company in Indonesia to use cutting-edge Italian technology as well as European-standard raw materials. Every step of the manufacturing process is carried out in accordance with international standards.

AGY 3 LIOA 4.N.

VERSATILE APPLICATION METHOD

Quadra comes in two thicknesses, 12 mm and 9 mm, for vertical and horizontal application on walls and floors. Vertical cladding can be done by attaching Quadra using adhesive or using Visible Mechanical Fastening Fixation (VMF) – similar to glass curtain wall application.

0 EA 5 SY 0 T Quadra is. 100 QUA MIRA

Quadra is non-porous. It has a zero-absorption level, making it stain-resistant and providing no area for germs to grow. It is easy to clean and maintain. It does not need to be coated or regularly polished.

MAXIMUM STRENGTH & DURABILITY

do not fade when exposed to sunlight or other harsh weather. It does not burn or produce smoke, compounds harmful to health, or emit toxic substances at high temperatures. It is also resistant to scratches, provided by its hard surface. It is also waterproof and liquid-resistant.

ENVIRONMENTALLY SUSTAINABLE

Quadra uses the harvested rainwater for the manufacturing process. To reduce emissions, natural gas is used to generate heat during the sintering process. The use of all-natural materials ensures that no toxic or dangerous substances are contaminated during production.

Quadra is manufactured in Indonesia and employs local workers. Quadra is manufactured to international standards in order to make products of international excellence.

PERFECT FOR COUNTERTOP

FIXED FURNITURE

Fixed furniture, such as doors, door covers, and fixed cabinets, is furniture that is fixed to walls or floor. Quadra creates fixed furniture that adds ambience and elegance to any space.

LOOSE FURNITURE

Loose furniture is movable furniture that is not attached to a wall or the ground; in other words, furniture in the traditional sense. Quadra breathes new life into traditional loose furniture. Make regular furniture into works of art.

EDEDGGG

SHARKNOSE

A sharknose edge can have a dramatic effect, making the worktop appear even thinner and nearly floating above the unit. It also smooths the way your finger to enter the "handle" of a handleless door without obstruction.

FULL-BULLNOSE

The full-bullnose edge creates a smoother, more aesthetically pleasing and ultimately safer countertop edge. However, it is recommended that a countertop with a full-bullnose edge be applied to furniture that is always dry.

MITER

A mitered edge connects two sintered stone slabs by forming a seamless 90-degree edge. To achieve a seamless appearance, the two parts are cut at 45-degree angles and fused together. A mitered edge profile offers the appearance of a thicker slab of stone or granite or merges with a waterfall panel.

STRAIGHT EDGE

Let the countertops be as they are for a traditional and contemporary appearance. The edges can be smoothed out and honed to eliminate sharp corners and make them gently rounded, which appeals to customers seeking a completed but modest feel.

QUADRA FOR COUNTERTOP ADVANTAGES

DURABLE TO QUADRA RESISTANT

Quadra is the only and first company in Indonesia to use cutting-edge Italian technology. This makes Quadra durable and strong on many levels.

has a zero absorption level, making it stain-resistant and providing no area for germs to grow.

coating and regular polishing. Its beauty lasts for a long time.

HIGHLY RESISTANT TO ABRASIONS & SCRATCHES

& FIRE RESISTANT
not burn when in contact with fire.

abrasions and scratches.

contains no toxic or harmful substances.

RESISTANT TO QUADRA IS STAIN RESISTANT

and easy to clean. It is also resistant to harsh chemicals such as detergents and cleaning agents.

over time or when exposed to UV light, making it suitable for outdoor application.

EXQUISITE ALLURE

What do we consider valuable? Everyone has a unique answer, shaped by their values, beliefs, and life experiences. However, in general, anything that is beautiful and holds great value is considered precious. We draw inspiration from the beauty of precious stones to create our signature Precious look. Our designs are a true embodiment of luxury and style, crafted to bring elegance and sophistication to any occasion.

COLOR SHADE VARIATION GUIDE :

V1 - Uniform
Minimal differences between pieces of the same production run.

V3 - Moderate
The number of colors on each piece vary greatly significantly, but they do not differ greatly between pieces.

V2 - Slight
Clearly distinguishable differences in texture and/or pattern, with similar colors.

V4 - Substantial
Random color differences from piece to piece so that one piece may have totally different colors from another piece.

ONE-OF-A-KIND

Nature offers a plethora of stunning beauty that never fails to inspire us. At QUADRA, we combine these natural inspirations with human creativity, imagination, and a burning desire to redefine the beauty of nature. We use the latest technology to bring these visions to life. Imagine the breath-taking beauty of grey natural marble, with intricate rust-coloured iron veins that cannot be found anywhere else but in our QUADRA products. Our unique marble designs will surely add a touch of elegance to any space.

MONOCHROME

COLLECTIONS

TRULY STRAIGHT-FORWARD

Architecture and interior has been evolving into different styles across diverse cultures of the world. Be it complicated ornaments or minimalistic shapes, it all eventually comes down to a touch of plain color. Color is a spectrum, and whether one or several are chosen, they will always fill in the missing elements of a design.

COLOR SHADE VARIATION GUIDE :

V1 - Uniform
Minimal differences between pieces of the same production run.

V3 - Moderate
The number of colors on each piece vary greatly significantly, but they do not differ greatly between pieces.

V2 - Slight

LIFETIME APPEAL

The design of the Metal look by QUADRA was influenced by the historical significance of iron and bronze in the development of human civilization. Iron once marked the beginning of a Modern Era while bronze found itself as part of a more sophisticated part of society - art.

TECHNICAL CHARACTERISTICS

ISO 13006	TEST METHOD	REQUIREMENT	QUADRA
Length and width admitted deviation, in %, of the average size of each piece from the production dimensions	ISO 10545-2	± 0,60 %	± 0,15 %
Admitted deviation, in %, of the average thickness of each piece from the production dimensions	ISO 10545-2	± 5%	± 5%
Maximum straightness deviation, in %, in relation to the corresponding production dimensions	ISO 10545-2	± 0,5 %	± 0,1 %
Maximum right-angle deviation, in %, in relation to the corresponding production dimensions	ISO 10545-2	± 0,5 %	± 0,2 %
Flatness (Curving in the middle, corner and warping)	ISO 10545-2	± 0,5 %	± 0,2 %
Surface quality	ISO 10545-2	At least 95% of the pieces must be free from visible flaws	Conforming
% Water absorption	ISO 10545-3	< 0,5 %	< 0,1 %
Breaking strength in N	ISO 10545-4	≥ 1.300	> 2.000
Flexural strength test (MOR) in Kg/cm ²	ISO 10545-4	≥ 350	≥ 400
Resistance to abrasion of glazed pieces	ISO 10545-7	See manufacturer's declaration	Class III-V
Thermal shocks resistance	ISO 10545-9	Requested	Resistant
Glaze crazing resistance	ISO 10545-11	Requested	Resistant
Frost resistance	ISO 10545-12	Requested	Resistant
Resistance to low concentrations of acids and alkalis	ISO 10545-13	See manufacturer's declaration	GLB
Resistance to domestic chemical products and additives for swimming pools	ISO 10545-13	Class B min	GA
Resistance to staining	ISO 10545-14	Available testing method	Class III
Release of hazardous substances	ISO 10545-15	Declare value for GL surfaces used on worktops	Absent

- The colors depicted in this catalog closely resemble the actual products. Minor variations in shades, colors, and surface finishes may occur due to the nature of the production process.
- A tolerance of up to 1 cm is allowed for the alignment of Bookmatch & Endmatch products.
- Please inspect before installation, as any product disputes after installation will not be accepted.

CLEAN AND CARE

After Installation	
Type Of Dirt / Stain	Product
Suction Cups, Frames and Trolleys	WPC / Porstex / Vixal / Harpic
Epoxy - based	WPC / Porstex / Vixal / Harpic
Before Furnishing Rooms	Sunlight / Mr Muscle / Astonish Windows & Glass
Protect Joins	Federchemicals
Grout Clean	Kleen up tile & Grout cleaner
Cement Based	WPC / Porstex / Vixal / Harpic / Kleen Up Tile & Grout cleaner / Power clean / Fason ash cleaner / Exxed powder
Concrete	WPC / Porstex / Vixal / Harpic / Kleen Up Tile & Grout cleaner / Power clean / Fason ash cleaner / Exxed powder

Removal of Coloured Stains	
Type Of Stain	Product
Coffee, Tea, Ice Cream, Fruit Juice, Wine, Beer	WPC / Porstex / Vixal / Harpic / Kleen Up Tile & Grout cleaner / Fason Limescale Remover / Sunlight / Mr Muscle / Astonish Windows & Glass
Blood	Astonish Multipurpose with Bleach
Nicotine	Astonish Multipurpose with Bleach
Ink & Marker Pen	Thinner / Stain off primo / Fason Limescale Remover / Bayclin / Astonish Multipurpose with Bleach
Urine & Vomit	Wipol / Astonish Multipurpose with Bleach
Coloured Carbonated Drinks	Wipol / Sunlight / Mr Muscle / Astonish Multipurpose with Bleach / WPC / Porstex / Vixal / Harpic
Hair Dye	Astonish Multipurpose with Bleach / Bayclin / Astonish Mold & Mildew / Stain Off Primo
Paint	Astonish Multipurpose with Bleach / Bayclin / Astonish Mold & Mildew / Stain Off Primo / Fason Limescale Remover

Removal of Greasy Substances	
Type Of Stain	Product
Oil & Grease	WPC / Porstex / Vixal / Harpic / Kleen Up Tile & Grout cleaner / Fason Limescale Remover / Sunlight / Mr Muscle / Astonish Windows & Glass

Specific Cases	
Type Of Dirt	Product
Limescale Deposites	Astonish Ultimate Limescale / Fason Limescale Remover / Astonish Daily Shower Shine / Save L / Powder Clean / Fason Ash Cleaner / Exxed Powder
Aluminium Marks	Exxed Powder / WPC / Porstex / Vixal / Harpic
Pencil Marks	Exxed Powder / Fason Limescale Remover
Rust	WPC / Porstex / Vixal / Harpic / Kleen Up Tile & Grout cleaner / Fason Limescale Remover / Astonish Ultimate Limescale Remover / Save L / Power Clean
Silicone / Glue / Chewing Gum / Residue Adhesive Tape / Tree Resin / Rubber	WPC / Porstex / Vixal / Harpic / Kleen Up Tile & Grout cleaner / Fason Limescale Remover / Stain Off Primo / Power Clean / Fason Ash Cleaner / Exxed Powder
Mould, Algae, Musk	Astonish Mold & Mildew Stain Blast

Routine Care
Sunlight / Mr Muscle / Wipol / Astonish Windows & Glass

* Read the brand/manufacturer's recommendations carefully before using the product. Damage resulting from the use of non-recommended cleaners or negligence in the application of the cleaner is at the user's risk.
