PREMIUM MATERIALS :

TERRAZZO

All-natural
elements for a
one-of-a-kind
product.

Architectural Terrazzo

Architects and designers love terrazzo. International contractors use it in a wide range of projects. This is why we have chosen to call it architectural terrazzo, so as to promote Venetian terrazzo as a symbol of architecture and design around the world.

Environmentally Sustainable

The use of all-natural materials ensures that no toxic or dangerous substances are added during production.

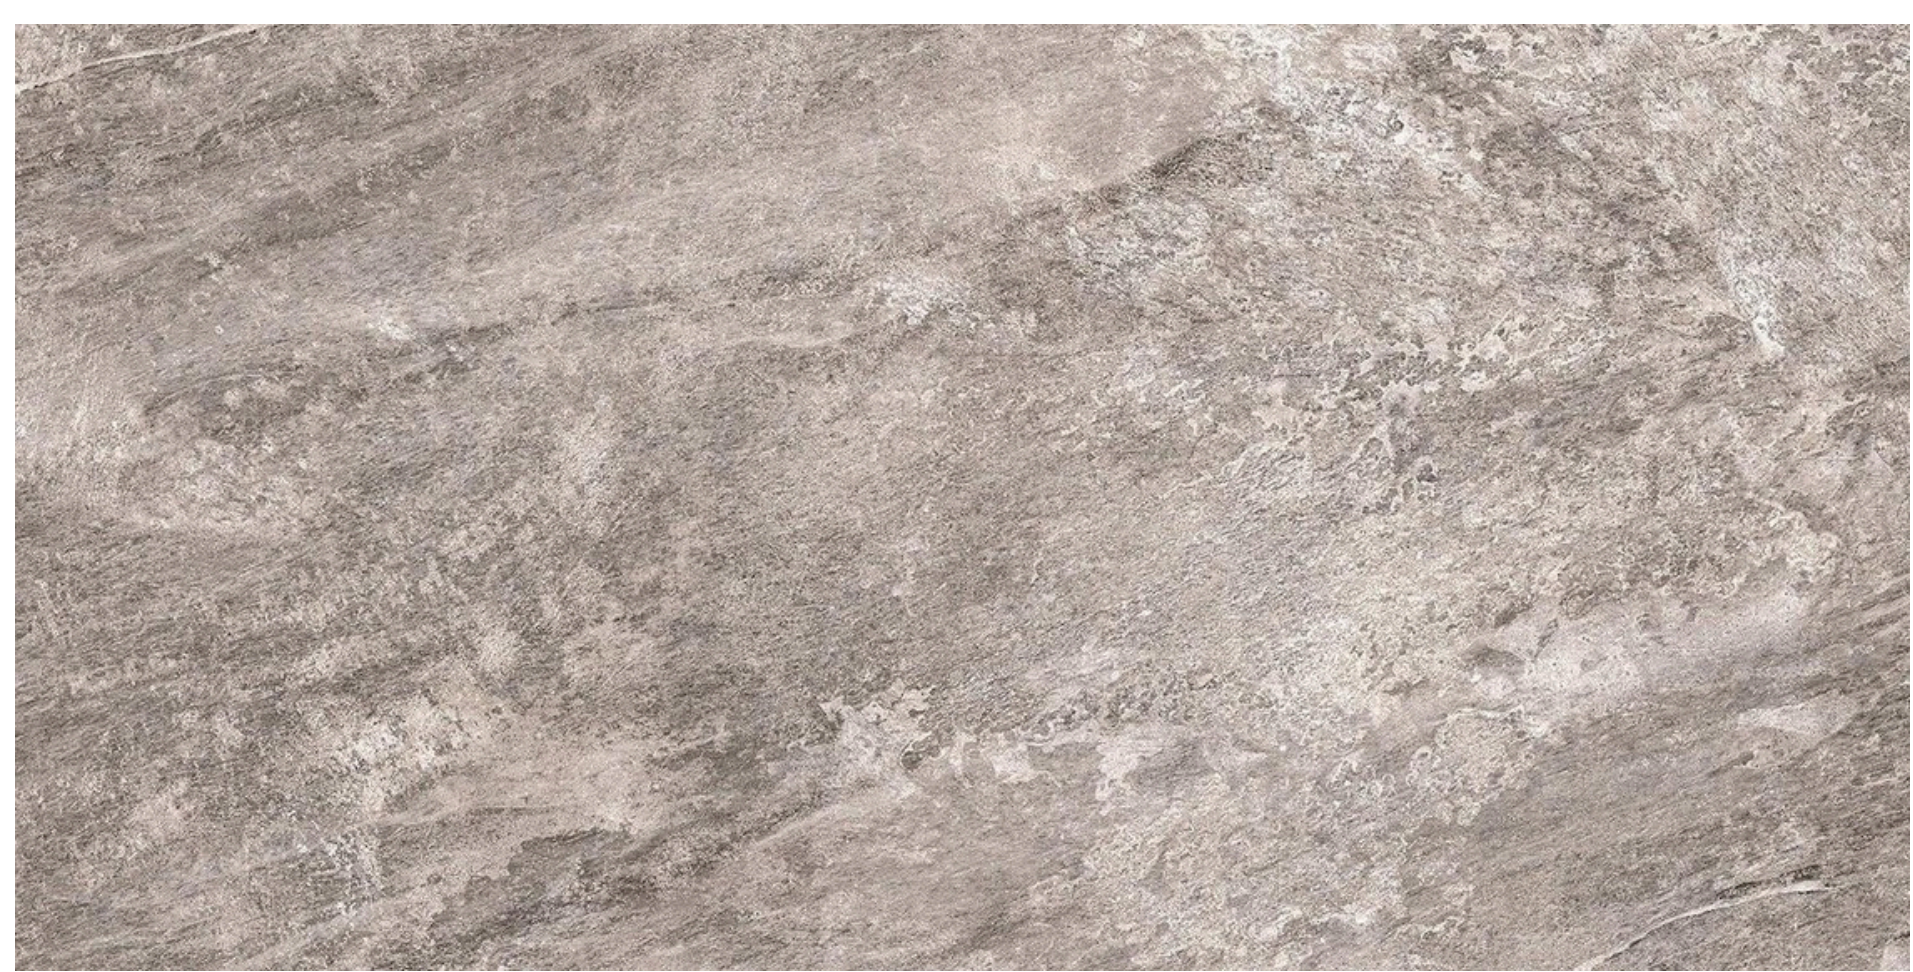

Harvested rainwater is used for the manufacturing process.

To reduce emissions, natural gas is used to generate heat during the sintering process.
