

Naturra

Premium All-Weather Weaving Materials

Virofibers®

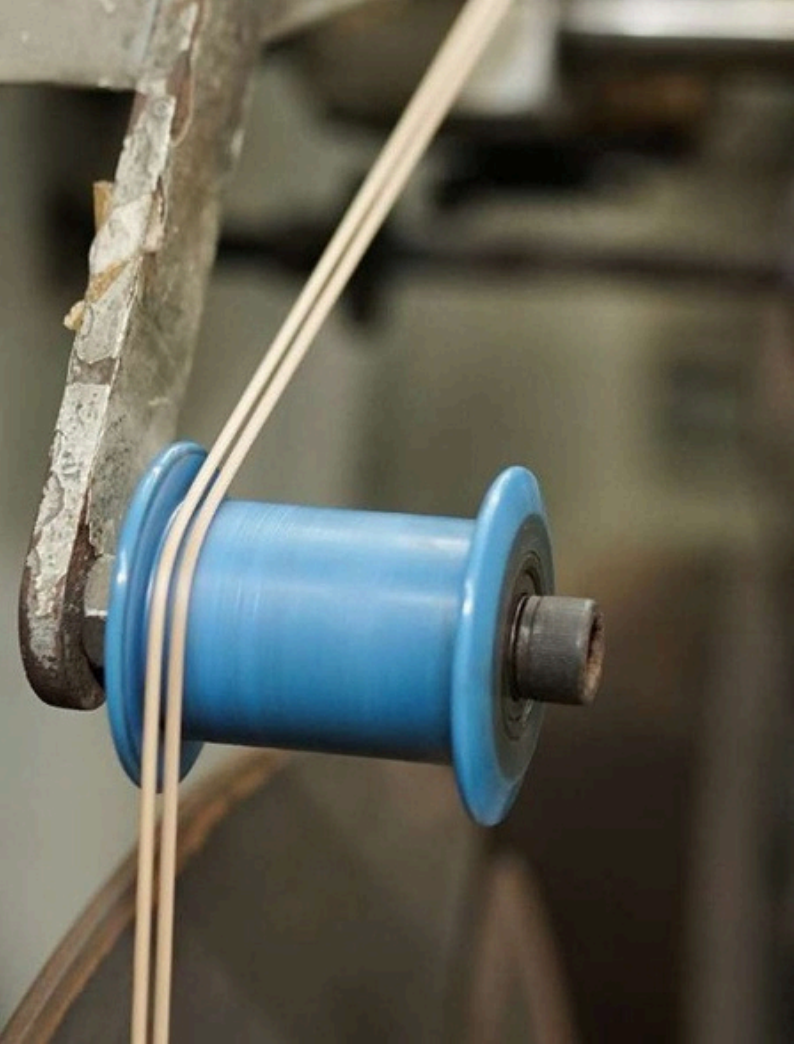

About Naturra

Established in 2019. Naturra is a joint brand of Raucord by PT REHAU Indonesia (German Polymer Group Company) and VIRO by PT Polymindo Permata.

Naturra provides you with high-end weaving materials that you can use to create beautiful natural-looking indoor and outdoor furniture.

Why Naturra?

Our Technology

Our products are manufactured according to ISO 9001-2008 and ISO 14001 - 2004. Both REHAU and VIRO are the pioneers in producing weaving materials with more than 20 years of experience.

Best Quality

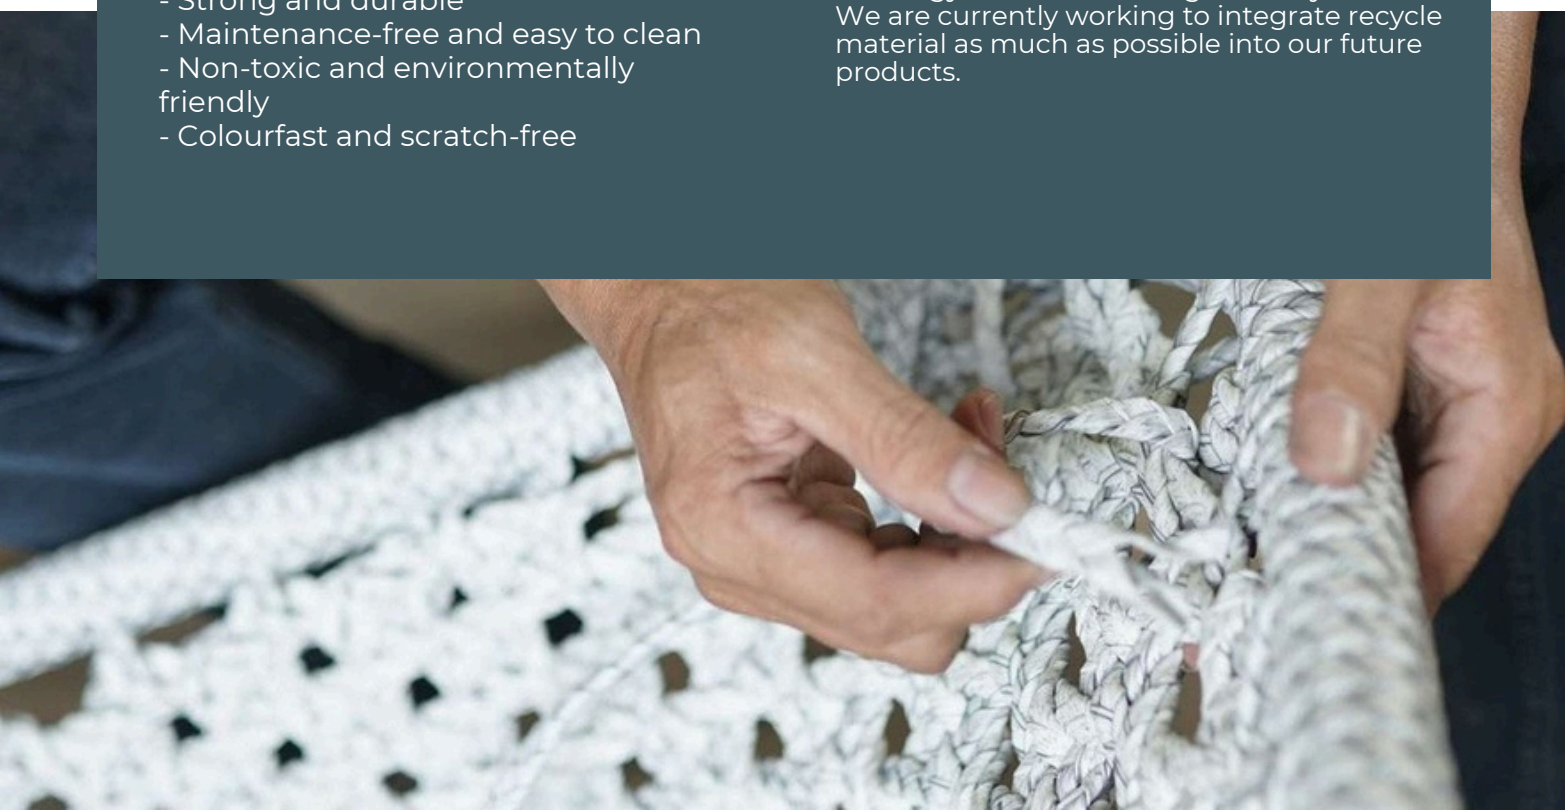

Due to its superior characteristic, Naturra weaving material offers a carefree outdoor experience:

- UV resistant
- Weatherproof and temperature resistant
- Strong and durable
- Maintenance-free and easy to clean
- Non-toxic and environmentally friendly
- Colourfast and scratch-free

Sustainable Materials

The pace of global change is increasing every single day. At the same time, the public has become extremely sensitive to issues of sustainability.

Using polymer materials sparingly and efficiently have always been the practice of REHAU and VIRO to help limit consumption of energy and resources significantly. We are currently working to integrate recycle material as much as possible into our future products.

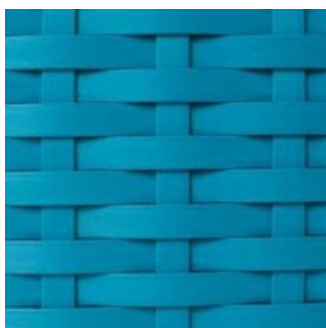

Naturra

I.Classic

The classic range is one of the first product ever develop and produce in early 2000. The technology and color collections still appeal and capture the timeless trend of woven furniture.
